
AGENT-NATIVE SLIDES / A LIVING DECK

A presentation that stays yours.

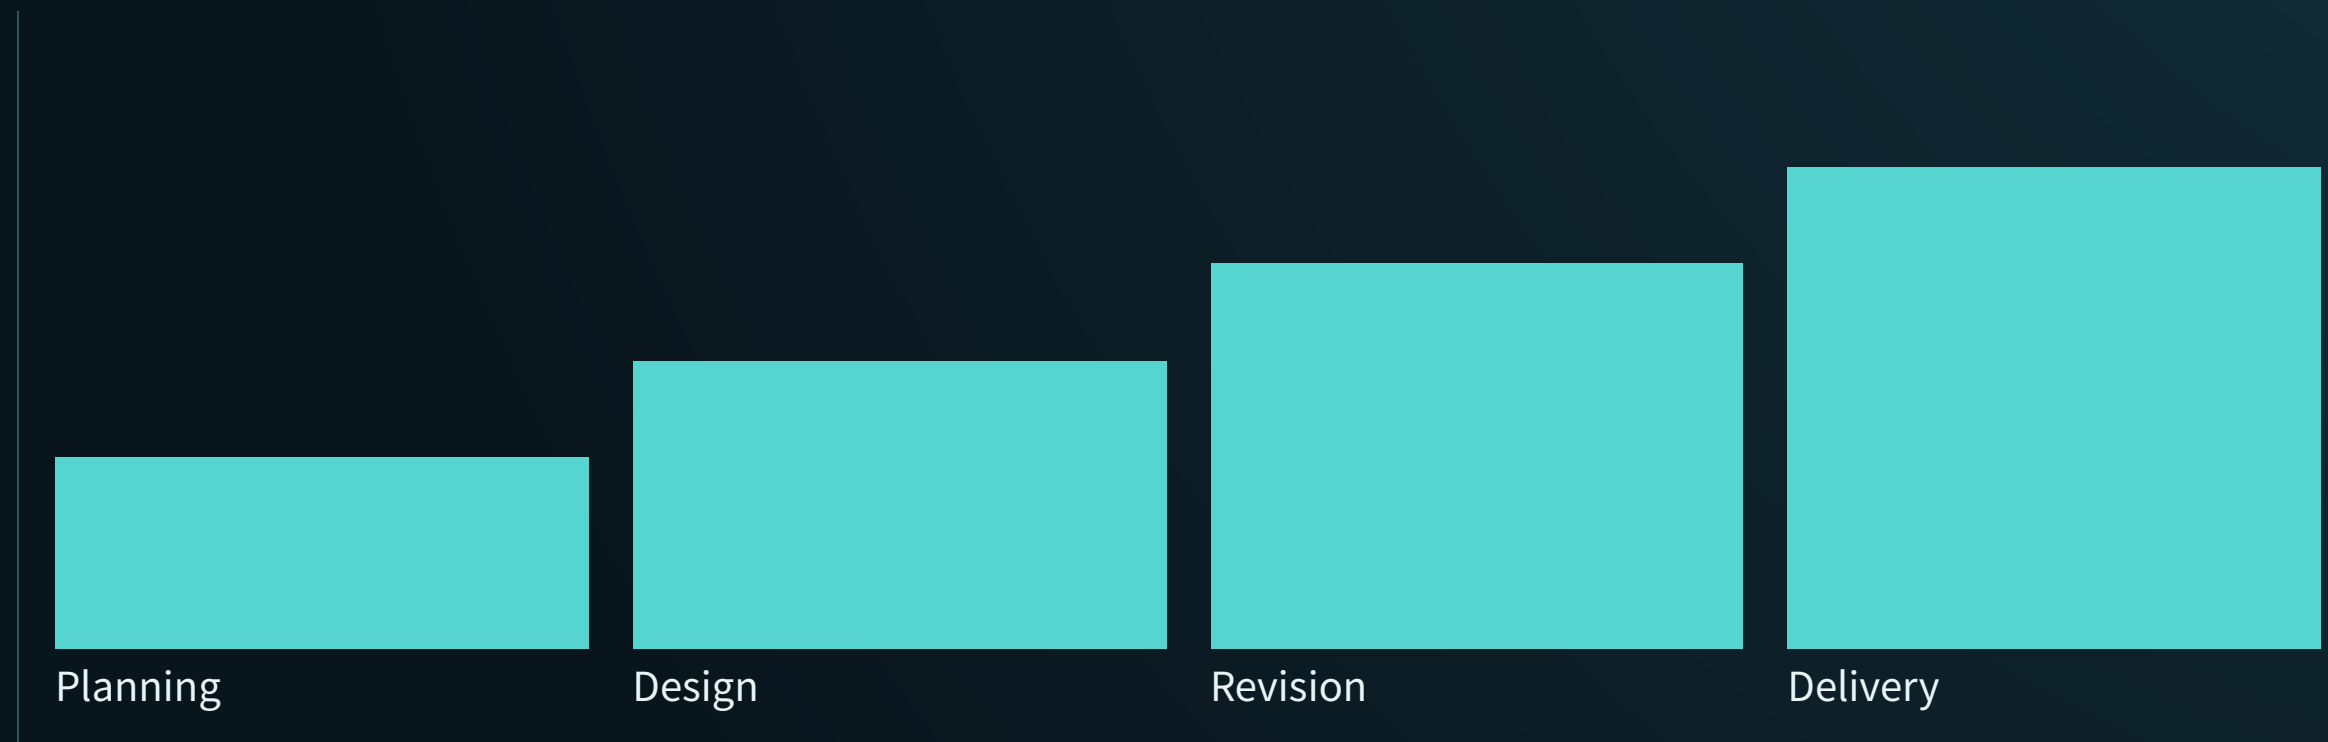

From first idea to the next revision — in one editable HTML file.

PLAN → DESIGN → BUILD → EDIT → SAVE → PRESENT → EXPORT

1920 × 1080 · 53 design languages · human + agent

The numbers can change. The story can too.

Edit the source values in the workbench; keep the chart editable in PowerPoint.

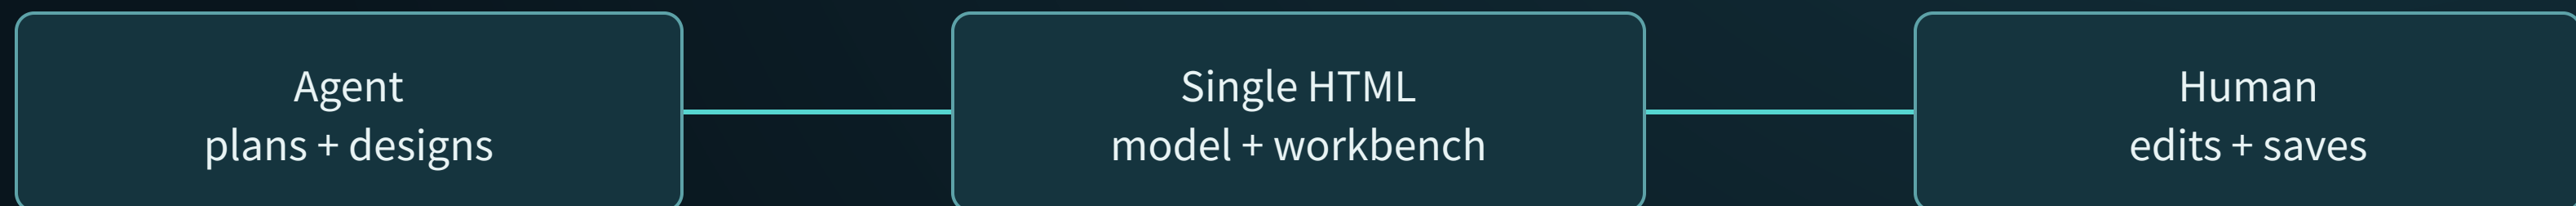

1 file

The deck, editor and
saved state travel
together.

Your saved edits become the next starting point.

Stable objects, page order, notes and resources stay in the document model.
